KEYNOTE PRESENTATIONS

Building a Culture of Trust

Aneil reveals the difference between trusted and distrusted leaders in his popular keynote topic. He profiles leaders who have achieved extraordinary results by building a culture based on the ROCC of Trust: being reliable, open, competent and compassionate. He discusses how trust is essential in both prosperous and challenging circumstances.

Creating Innovation through Trust-based Teamwork

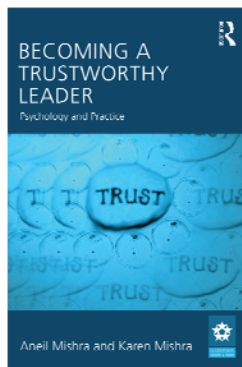

Aneil has helped Fortune 100 firms and small organizations in consumer products, healthcare, technology, and other sectors develop innovative cultures by building trust-based teams. He can help teams in your organization foster greater innovation as well.

Improving Healthcare Outcomes through Trust-Based Leadership

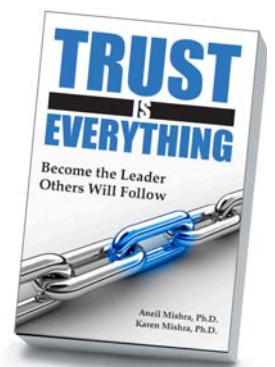

Aneil discusses the practices that healthcare leaders use to build trust-based teams and engage individuals to improve healthcare quality and patient safety.

Custom Presentations

Aneil's presentations can be tailored in content and length to the specific needs of your organization, industry, and event themes.

Aneil's books are available on Amazon.com. The companies profiled include Belfor, Cardinal Health, The Cleveland Clinic, Two Men and a Truck, and GM.

"Based on his book Trust Is Everything, Become the Leader Others Will Follow," Aneil recently facilitated an executive leadership development session for my firm. Combining excellent content with masterful facilitation skills, feedback from the session was excellent! I find Aneil inspirational as a professional colleague."
Duncan Ferguson, Senior Consultant, BPI Group
